

CPC30220 – Certificate III in Carpentry

This is a trade qualification for carpenters in residential and commercial workplaces. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

Occupational titles may include:

- Carpenter - Commercial
- Carpenter - Formwork
- Carpenter - Residential

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Who is this course for?

The CPC30220 Certificate III in Carpentry is for new and existing workers who are currently employed in a relevant position and wanting to work towards completing a qualification.

Entry requirements

Students will be required to successfully complete a language, literacy and numeracy (LLN) assessment prior to enrolment.

Students will need to provide their own workplace safety clothes and shoes. All other resources will be supplied by the employer or sourced by the RTO.

Course duration

Duration is dependent on your knowledge, skills and experience levels. Learners who have a lot of relevant prior experience may have the ability to complete the qualification in a shorter timeframe. However, those who are new to the profession will often take a longer time frame to complete and will be supported by our team throughout their journey.

To achieve a reasonable rate of progression and completion within the expected duration is 30 months; however, students can take up to 4 years to complete. The amount of training allocated for this qualification is based on the individual knowledge, skill and experience of each learner.

Training methods

Delivery is through a combination of face to face, onsite training in a supervised workplace. Learners are also required to undertake self-paced learning.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCCWHS1001 Prepare to work safely in the construction industry meets this requirement.

Amount of Training

Monthly training site visit will occur or on yard site owned by Noble Training Group located in Gold Coast and Sunshine Coast if needed.

Assessment

This course is delivered through on-site assessment where our assessors come and visit you on your job site. Some units of competency require written theory assessments as well. You will be assessed to show that you have achieved the skills and knowledge required.

You will know in advance about the type of assessment and how it will operate. There is opportunity for reassessment and appeal, which can be found in the Student Handbook.

Location

Onsite in the workplace and at RTO facilities for face to face training if needed

Outcome

Upon successful completion of this training product, you will be awarded a nationally recognised qualification in CPC30220 Certificate III in Carpentry.

Student information

Refer to our website for a copy of our student handbook for details of student obligations, and services provided - or contact our office for further details.

What is recognition of prior learning (RPL)?

Recognition assessment is a process that allows you to attain a nationally recognised qualification or statement/s of attainment, based on skills and knowledge gained through previous experience, either formal training or informal (i.e., on the job) learning. Please speak with your trainer about the RPL process prior to enrolment.

Credit transfers

Have you completed any of the below units? If so, Noble Training recognises all AQF qualifications and Statement of Attainments issued by other Registered Training Organisations.
