

## CPC31220 – Certificate III in Wall and Ceiling Lining

This qualification provides a trade outcome in wall and ceiling lining. Individuals undertaking this qualification will assemble partitions, install and finish plasterboard and fibre cement sheeting to walls and ceilings.

The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as two specialist fields of work. The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

### Who is this course for?

The COC31220 Certificate III in Wall and Ceiling Lining is for new and existing workers who are currently employed in a relevant position and wanting to work toward completing the qualification.

### Entry requirements

Students will be required to successfully complete a language, literacy and numeracy (LLN) assessment prior to enrolment.

Students will need to provide their own workplace safety clothes and shoes. All other resources will be supplied by the employer or sourced by the RTO.

### Course duration

Duration is dependent on your knowledge, skills and experience levels. Learners who have a lot of relevant prior experience may have the ability to complete the qualification in a shorter timeframe. However, those who are new to the profession will often take a longer time frame to complete and will be supported by our team throughout their journey.

To achieve a reasonable rate of progression and completion within the expected duration is 19 months; however, students can take up to 3 years to complete. The amount of training allocated for this qualification is based on the individual knowledge, skill and experience of each learner.

### Training methods

Delivery is through a combination of face to face, onsite training in a supervised workplace. Learners are also required to undertake self-paced learning.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work.

Achievement of CPCCWHS1001 Prepare to work safely in the construction industry meets this requirement.

### Amount of Training

Monthly training site visit will occur or on yard site owned by Noble Training Group located in Gold Coast and Sunshine Coast if needed.

### Assessment

This course is delivered through on-site assessment where our assessors come and visit you on your job site. Some units of competency require written theory assessments as well. You will be assessed to show that you have achieved the skills and knowledge required.

You will know in advance about the type of assessment and how it will operate. There is opportunity for reassessment and appeal, which can be found in the Student Handbook.

### Location

Onsite in the workplace and at RTO facilities for face to face training if needed.

### Outcome

Upon successful completion of this training product, you will be awarded a nationally recognised qualification in CPC31220 Certificate III in Wall and Ceiling Lining.

### Student information

Refer to our website for a copy of our student handbook for details of student obligations, and services provided - or contact our office for further details.

### What is recognition of prior learning?

Recognition assessment is a process that allows you to attain a nationally recognised qualification or statement/s of attainment, based on skills and knowledge gained through previous experience, either formal training or informal (i.e., on the job) learning. Please speak with your trainer about the RPL process prior to enrolment.

### Credit transfers

Have you completed any of the below units? If so, Noble Training recognises all AQF qualifications and Statement of Attainments issued by other Registered Training Organisations.

### Learning support

We support many learning needs. Reasonable adjustments can be made to assist you in achieving a competent result where learning difficulties may be present. For students needing additional Language,

Literacy and Numeracy support, we recommend Fruition Tuition – contact details are [www.fruition.com.au](http://www.fruition.com.au), or contact no. 1300 884 846.

### Personal protective equipment (PPE)

All students will require following items:

- protective eyewear: Clear safety glasses, (tinted or sunglasses not acceptable). These must conform to the Australian Standard AS 1336 or 1337.
- protective footwear – Safety Toe, Leather Upper, non-slip safety footwear must be worn. They must comply with AS2210 and be in good condition.
- protective clothing – Sleeved, 100% cotton work wear or employer supplied uniform must be worn always.

Note: Additional specialist protective clothing/personal protective equipment may be required for certain activities. This will be identified by Safety Signage and instruction from your employer and/or trainer. Students failing to meet these minimum standards of dress will not be permitted.

### Material list

All students will require following items:

- nail bag, hammer and basic tools
- 8 m tape measure
- carpenters' pencil
- HB and 2H pencils
- eraser
- pens
- A4 notebook
- calculator (square root function required)

## Unit selection

Unit Code	Unit title	Core/Elective
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry	Core
CPCCOM1012	Work effectively and sustainably in the construction industry	Core
CPCCOM1013	Plan and organize work	Core
CPCCOM1014	Conduct workplace communication	Core
CPCCOM1015	Carry out measurements and calculations	Core
CPCCOM2001	Read and interpret plans and specifications	Core
CPCCCM2012	Work safely at heights	Core
CPCCPB3001	Fix standard plasterboard wall sheets	Core
CPCCPB3002	Fix standard plasterboard ceiling sheets	Core
CPCCPB3003	Fix battens	Core
CPCCPB3004	Fix wet area sheets	Core
CPCCPB3005	Fix ceiling sheets to external protected areas	Core
CPCCPB3006	Fix fibre cement board	Core
CPCCPB3007	Apply levels of finish standards to planning and inspection of own work	Core
CPCCPB3008	Mix plastering compounds	Core
CPCCPB3009	Finish plasterboard joints manually	Core
CPCCPB3010	Manually sand plaster work	Core
CPCCPB3012	Cut and fix paper-faced cornices	Core
CPCCWC3003	Install dry wall passive fire-rated systems	Core
CPCCWC3004	Install suspended ceilings	Core
CPCCCA3014	Construct and install bulkheads	Core
CPCCCA3026	Assemble partitions	Core
BSBESB301	Investigate business opportunities	Elective
CPCCCA3001	Carry out general demolition of minor building structures	Elective
CPCCCA3010	Install windows and doors	Elective
CPCCCM2006	Apply basic levelling procedures	Elective
CPCCCM2007	Use explosive power tools	Elective
CPCCSP3003	Apply trowelled texture coat finishes	Elective
CPCCPB3018	Use vacuum and electric sanding equipment to finish plaster work	Elective
